Sergio:

Thank you for the professional work repainting the interior of our existing home while we occupied it.

We were extremely pleased with the painting and the care you took with our possessions. Everything you touched was handled with great care.

- Moving and protecting our furniture was excellent and without any problem.
- Painting the new multi colored scheme and cutting in straight lines between colors was very well done.
- Returning our furniture to its original position, clean and neat, was super.
- You started on time and provided the personal attention and staffing that you agreed to and finished as promised.

Your commitment to our project was above and beyond the call and greatly appreciated.

Sincerely,

Harry & Donalee
